

## **Syllabus for M.Sc. (Atmospheric Sciences) Entrance Test 2025**

### **Section A: Total Marks 20**

Numerical reasoning, Alphabetic sequences, English grammar basics, General Knowledge, Current affairs

### **Section B: Total Marks 80**

Questions will be from Physics, Mathematics and Statistics at the B.Sc. level.

**Unit 1, Physics:** Properties of Matter, Equations of motion, Gravitation, Keplers laws, Heat and Thermodynamics, Electrodynamics, Optics, Electricity and Magnetism, Basics of Quantum Mechanics, Modern Physics and Laws of Radiation.

**Unit 2, Mathematics:** Ordinary differential equation and their solution, determinants and matrices (Fundamentals), Fourier series, Laplace Transform, Conic Section, Set Theory and Complex Variables.

**Unit 3, Statistics:** Measures of central tendency, dispersion. Significance tests and linear correlation.

---

**Unit wise weightage of marks:** Unit 1 Physics: 60%, Unit 2 Mathematics: 30% and Unit 3 Statistics: 10%

---

**Type of questions for the entrance:** Multiple Choice Questions (MCQ)

---
