

Currently the Student Fellowship Program is in its third year and the following students have been selected for the Fellowship

Sr. No.	Name	Department/College/University	Project Title
1	Aswathy Y S	Amrita School of Ayurveda, Vallikavu	Effect of <i>Niruha Vasthi</i> (medicated enema) on <i>Prevotella</i> species of gut microbiota in rheumatoid arthritis patients
2	Bony Dasari	Modern College of Arts Science and Commerce, Pune	Understanding interactions between physicochemical parameters, phytochemical biotransformations and microorganisms during <i>Ashwagandharishta</i> fermentation
3	Gauri Ghodake	Bioinformatics Center, SPPU, Pune	In-silico predictions of herb-drug interactions for COVID-19
4	Mahesh Bansod	Interdisciplinary School of Scientific Computing, SPPU, Pune	A model for predicting effectiveness of Methotrexate for rheumatoid arthritis using ayurvedic parameters
5	Mansi Rathod	Department of Microbiology, SPPU, Pune	Investigating the ECM stiffness-regulated effect of <i>Tinospora cordifolia</i> extract on proliferative and mitogenic signaling in cancer cells
6	Nupur Agrawal	Fergusson College, Pune	त्रिनेत्र – Artificial Envisioning
7	Shilpa S	Amrita School of Ayurveda, Vallikavu	A clinical study to evaluate the efficacy of <i>Brahmi Ghritha Nasya</i> on cognitive functions and its bioavailability
8	Shreya Kalan	Institute of Bioinformatics and Biotechnology, SPPU, Pune	Effects of Hairy Roots induced by transgenic <i>Rhizobium rhizogenes</i> in <i>Oroxylum indicum</i>
9	Swapnali Chaudhari	Interdisciplinary School of Health Sciences, SPPU, Pune	Effectiveness of integrative therapeutic approach for treatment of arthritis: A multicenter case-control cross-sectional study
10	Swati Sharma	Institute of Medical Sciences, Banaras Hindu University, Varanasi	To develop newer classification of <i>Rasayana</i> on the basis of their physiological and pharmacological actions
